1. 3 for 2

Purchase three (or more) items from the 3 for 2 offers to take advantage of the discount. For every three items you purchase, the cheapest item will be free. Items from different 3 for 2 promotions cannot be mixed - for the purposes of calculating the free item; all three items must come from the same promotion. We will happily exchange any product returned in accordance with our returns policy for an alternative of up to the same value provided it is within the same 3 for 2 offer. Payment will be charged for any price difference where any exchanged product is of a higher value. Where any exchanged product is of a lower value, no refund of the price difference will be provided. Should any item be returned and not exchanged in accordance with our returns policy, a refund will only be applicable where the returned item was not the free one. No refund will be provided for any free items. Where you return any item without exchanging it and as a result no longer qualify for the 3 for 2 offer (because you only purchased three items from the same 3 for 2 offer), the refund you will receive for any returned item other than the free one will be the cost of the returned item after deduction of the cost of the free item. Offer subject to availability and may be changed or withdrawn without notice by mamasandpapas at any time. Offer has no cash alternative.
